

PERENNIAL

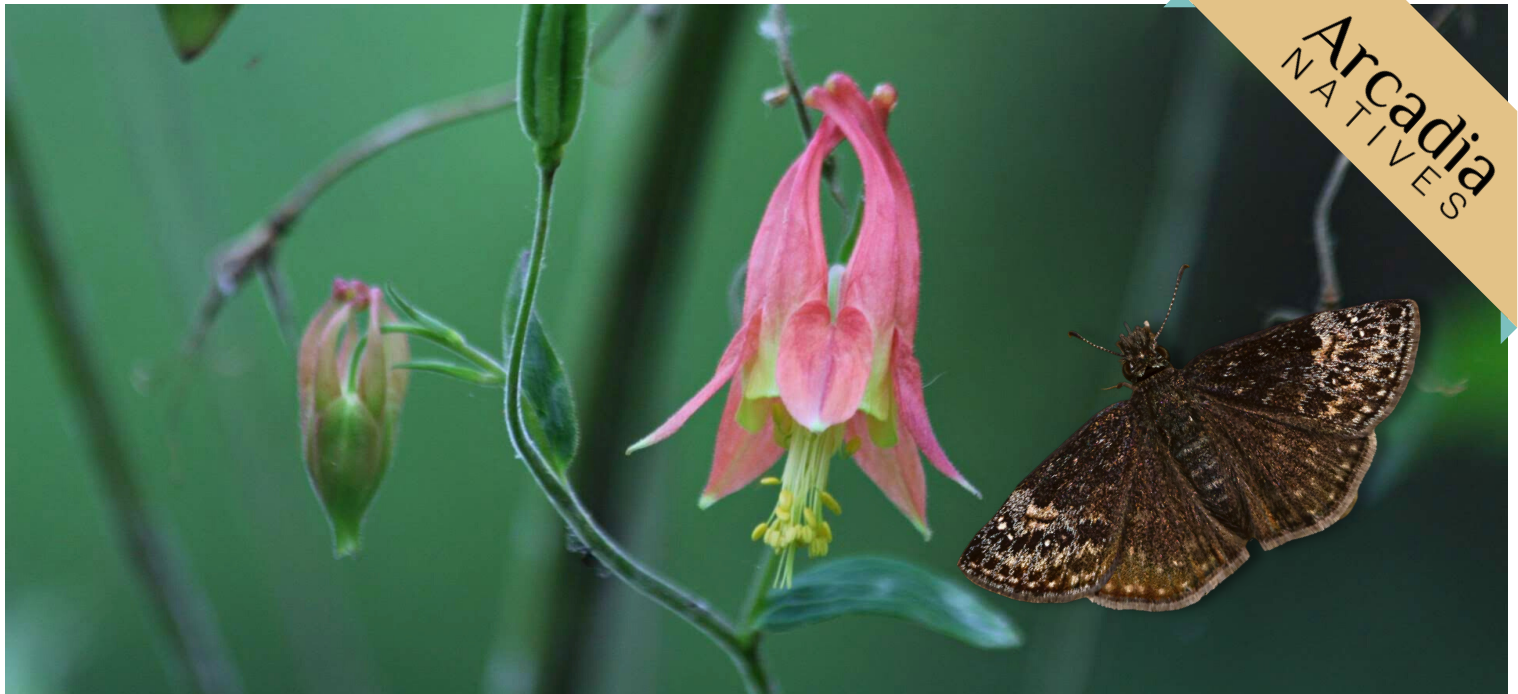

Columbine

Aquilegia canadensis

DUSKYWING

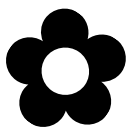

- Early nectar for pollinators
- Blooms red, April-June
- Host for Columbine Duskywing
- Reseeds readily; fast grower
- Prone to powdery mildew

HELPFUL TIP:

Growing plants under pine trees can be notoriously difficult, but Columbine can tolerate tough conditions.

COMPANIONS: Wild Blue Phlox, Jacob's Ladder, Wild Geranium, Wood Poppy, Lady Fern, Wild Ginger, Blue Cohosh, Virginia Bluebells, Hairy Wood Mint
