

PERENNIAL FERN

Lady Fern

Athyrium filix-femina

FERN ECOLOGY

Arcadia
NATIVES

- Ideal for woodland gardens
- Feathery light green fronds
- Deciduous; hardy
- Spreads slowly by rhizomes
- Low maintenance

HELPFUL TIPS:

Needs ample moisture if sited in full sun. More tolerant of dry soil than most ferns if located in shade. Divide in early spring.

COMPANIONS: Wild Blue Phlox, Jacob's Ladder, Wood Poppy, Wild Geranium, Goat's Beard, Blue Cohosh, Purple Giant Hyssop, Hairy Wood Mint, Honewort
