

PERENNIAL

Blue Wild Indigo

Baptisia australis

BAPTISIA &
BUTTERFLIES

Arcadia
NATIVES

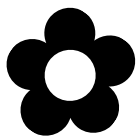

- Showy in pollinator gardens
- Blooms blue, May-July
- Shrubby appearance
- Host for six butterfly species
- Attractive black seed pods

HELPFUL TIPS:

Flowers best in full sun. Can take several years to achieve full 4' height. Deep roots make it drought tolerant over time.

COMPANIONS: Showy Goldenrod, Phlox, Goat's Beard, Purple Giant Hyssop, Bee Balm, Indiangrass, Culver's Root, Black-Eyed Susan, Early Sunflower

Late Spring
