

COOL SEASON GRASS

Bottlebrush Grass

Elymus hystrix

NORTHERN
PEARLY-EYE

Arcadia
NATIVES

- Performs well in dry shade
- Flowering period, June-Aug
- Habit: loose, open tufts
- Mingles nicely in mixed beds
- Bottlebrush-like seed heads

HELPFUL TIPS:

Useful for erosion control or slope stabilization. Easily grown from seed. Highly adaptable: loam to heavy clay soil.

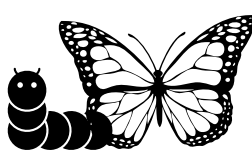

COMPANIONS: Blue-Stemmed Goldenrod, Daisy Fleabane, Wingstem, Large-Leaved Aster, Early Meadow Rue, Black-Eyed Susan, Blue Mistflower, Aniseroot
