

# Clustered Mountain Mint

## *Pycnanthemum muticum*

#1 IN PENN STATE  
POLLINATOR TRIAL

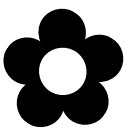

Arcadia  
NATIVES

- Strong spearmint-like aroma
- Blooms white/pink, July-Sept
- Long bloom time for pollinators
- Naturalizes (not aggressively)
- Showy silvery bracts

### HELPFUL TIPS:

Slightly less drought tolerant than other *Pycnanthemum*. Tolerates bright shade. Use in teas, potpourri, & desserts!

**COMPANIONS:** *Pink Tickseed, Yellow Wild Indigo, Meadow Beauty, Whorled Milkweed, Scarlet Bee Balm, New England Aster, Black-Eyed Susan, Stiff Goldenrod, Spiderwort*
