

PERENNIAL

Showy Goldenrod

Solidago speciosa

GROWIT
BUILDIT GUIDE

Arcadia
NATIVES

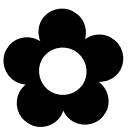

- Late blooming goldenrod
- Blooms yellow, Sept-Nov
- Seeds for songbirds/gamebirds
- Adored by many beneficial insects
- Unbranched stems; best in groups

HELPFUL TIPS:

Better behaved and spreads more slowly than other goldenrod. May flop in overly moist or rich soil conditions.

COMPANIONS: Yellow Coneflower, Big Bluestem, Spiderwort, Smooth Blue Aster, Tall Thimbleweed, Prairie Dropseed, Bee Balm, Hyssop-Leaved Boneset, Aromatic Aster
