

DECIDUOUS SHRUB

# Shrubby St. John's Wort

## *Hypericum prolificum*

BEES AND  
H. PROLIFICUM

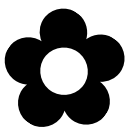

Arcadia  
NATIVES

- Can be grown as a hedge
- Blooms yellow, July-Sept
- Use for slope stabilization
- Pollen for bees; no nectar
- Blooms on new growth

### FUN FACTS:

Bark of mature stems exfoliate revealing a pale orange color beneath. Can be pruned for a tidy, rounded shape. Easy keeper!
