

PERENNIAL

# Wine Cups

## Callirhoe involucrata

RANGE MAP

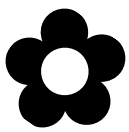

- Mat-forming groundcover
- Blooms magenta all summer
- Front of the border or containers
- Deep taproot; drought tolerant
- AKA Purple Poppy Mallow

### HELPFUL TIPS:

Resents being moved after planting. Can reseed. May go dormant briefly in summer & rebound with cooler weather.

*COMPANIONS: Yellow Wild Indigo, Butterfly Milkweed, Partridge Pea, Red Columbine, Lanceleaf Coreopsis, Downy Wood Mint, Purple Coneflower, Purple Lovegrass*

Throughout Summer

Browsed by Rabbits

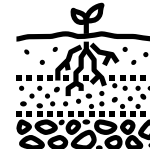

Butterfly Host Plant

Native to SW & Central USA

Rock Gardens

Thrives in Dry Sites
