

PERENNIAL

Eastern Bluestar

Amsonia tabernaemontana

CORAL
HAIRSTREAK

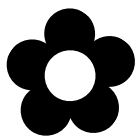

- Mounded shrub-like habit
- Blooms pale blue, early summer
- Useful in borders or containers
- Host for Coral Hairstreak
- AKA Blue Dogbane

HELPFUL TIPS:

To minimize staking and for best flowers, plant in full sun. Leaves turn stunning yellow in fall to create a bold accent.

COMPANIONS: Meadow Phlox, Golden Groundsel, Wild Blue Indigo, Black-Eyed Susan, Beardtongue, Sedges, Lady Fern, Columbine, Yellow Wild Indigo, Smooth Blue Aster
