

Seersucker Sedge

Carex plantaginea

RANGE
MAP

Arcadia
NATIVES

- Best in part shade to full shade
- Broad, semi-evergreen leaves
- Flower spikes in early spring
- Host plant for butterflies
- AKA Plantain-Leaved Sedge

HELPFUL TIPS:

Leaves are 1" wide. In harsh winters, only the youngest leaves stay semi-evergreen. Primarily wind pollinated.

COMPANIONS: Foamflower, Creeping Phlox, Coral Bells, White Trillium, Christmas Fern, Dwarf Crested Iris, Lady Fern, Woodland Phlox, Blue Wood Aster, Blue-Stem Goldenrod
