

Tufted Hairgrass

Deschampsia cespitosa

MGTV VIDEO
PRESENTATION

- Clump-forming grass
- Performs best in part shade
- Tolerates temporary flooding
- Avoid hot, dry, sunny sites
- Non-aggressive, long-lived

HELPFUL TIPS:

Thrives in moist soil. Attractive tan seed panicles persist in summer. Less showy if grown in dense shade. May experience mild early season browsing.

COMPANIONS: Sweet Joe Pye Weed, Blue Mistflower, Common Boneset, Goatsbeard, Golden Groundsel, Purple Giant Hyssop, Roundleaf Goldenrod, Early Meadow Rue
