

DECIDUOUS SHRUB

Purple Flowering Raspberry *Rubus odoratus*

RANGE
MAP

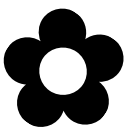

- Prefers part shade, moist soil
- Blooms pink, June-Aug
- Best fruiting with 2+ shrubs
- Enthusiastic suckering habit
- Endangered in parts of its range

HELPFUL TIPS:

Hairy stems, but thornless.
Berries loved by wildlife, but
dry & unappetizing to humans.
Requires well-draining soil.

COMPANIONS: Wild Hydrangea, Sensitive Fern, Blue Wood Aster, Canada Anemone, Black-Eyed Susan, Eastern Star Sedge, Meehan's Mint, Calico Aster, Blue-Stem Goldenrod
